

KACPER KULA

SENIOR JAVASCRIPT DEVELOPER

kulak-at

hello@kulak.at

medium.com/@kulak

Hello! I am Kacper, Senior JavaScript Developer from Warsaw, Poland. I am planning to move to London, UK at the beginning of 2019 and I'm seeking new opportunities there. Throughout my 10 years long professional career I have held various positions ranging from being Senior Developer, Product Developer, taking partial responsibility of a Project Manager and a Team Leader to becoming Developer Evangelist. I apply myself fully in everything I'm doing.

I first got interested in programming and software engineering when I was 10 years old and it has been my passion ever since.

I'm always trying to hone my skills and stay up to date with my profession. Besides work I often participate in various meetings, hackathons and devote time to my personal projects.

I can send recommendation letter from my recent employee on request.

EXPERIENCE

SwingDev

2018.03 - 2018.08
